Program Information

PATIENT CARE TECHNICIAN TRAINING PROGRAM

300 Clock Hours (220 Hours Theory, 40 Hours Clinical and 40 Hours Externship)

The Patient Care Technician Training Program is a 300-clock hour program that prepares the student for an entry-level position in health care with specific focus on direct patient care services in a hospital or ambulatory care unit. The course trains the student on technical skills necessary to perform personal care to complex patients as well as implement selected portions of care plans including respiratory services, rehabilitation services, EKG and phlebotomy under the supervision of registered nurses. Students are required to complete 40 hours of Clinical Externship after completing requirements of the three main programs, to prepare them for employment. After successful completion of the program, the student is eligible to sit for the National Healthcareer Association Certification Exam. This is a multi-certification program whereby students earn individual diplomas and eligibility for certification as Patient Care Technicians, Nursing Assistants, Phlebotomists (with additional externship hours), and EKG Technicians.

Program Information

BASIC NURSING ASSISTANT TRAINING PROGRAM HYBRID [ONLINE & FACE-TO-FACE]

130 Clock Hours (50 Hours Online Theory + 40 Hours Laboratory + 40 Hours Clinical)

The Basic Nursing Assistant Training Program is a 4 to 10-week program that prepares students into their roles and responsibilities as nursing assistants in long term care facilities and other health care settings. Through online readings, lectures, testing, supervised laboratory and actual clinical experience, students are provided with the knowledge and skills needed to provide basic nursing care for patients in various health care facilities. Students are eligible to take the IL Nurse Aide Written Competency Exam after successful completion of the program. The BNAT Hybrid Program is approved by the Illinois Department of Public Health (IDPH).

This course follows the BNATP Model Program of IDPH. The curriculum is designed to provide the students with knowledge and skills necessary to perform entry-level tasks of an IL Certified Nursing Assistant in the following clusters: communicating information, performing basic nursing skills, performing personal care skills, providing basic restorative skills, mental health, social services, and residents' rights.

Admission Requirements

Documents Required Upon Application:

- *Completed Student Inquiry and Application Forms*
- *Copy of Photo Identification Card (State ID/Driver's License/Passport)*
- *Copy of Social Security Card*
- *Copy of Proof of US Citizenship / Immigration Status*
 - * *Examples: Birth Certificate, US Passport, Naturalization Certificate, Employment Authorization card, Legal Permanent Resident card (Greencard), Visa, etc.*
- *Copy of High School Diploma or GED Certificate*

The following documents may also be accepted as proof of high school graduation or equivalency:

 - * *Official Transcript of Records indicating admission to and/or completion of an undergraduate or postgraduate degree from a US college or university with a clear indication of high school graduation being the basis for admission;*
 - * *Copy of a fully completed Department of Defense form DD-214 indicating that the applicant completed high school prior to or during his/her armed forces service*
 - * *For students who have completed high school in a foreign country, an official credential evaluation from a National Association of Credential Evaluation Services (NACES) approved agency must be submitted with the foreign high school diploma*
 - * *For students who have been homeschooled, a certification from the district school superintendent that the student's program was equivalent to four-year high school*
- *Copy of Current Basic Life Support for Health Care Provider (CPR) Card*
 - * *If none, applicant must enroll in ICI Basic Life Support for Health Care Provider class*
- *Completed Physical Examination and Immunization Record*
- *Completed Health Care Worker Background Check Authorization*
- *Basic Skills or English Comprehension Test Score Report*
 - * *Examples: ACT, SAT, TEAS-V, TABE, Compass, GRE, TOEFL, etc.*
 - * *Completion of English college courses are NOT acceptable as alternative documentation*
 - * *If none, applicant may take test in ICI (please schedule)*
- *Other Signed School Forms*

Program Information

PHLEBOTOMY

190 Clock Hours (100 Hours Theory & Laboratory and 90 Hours Externship)

The Phlebotomy program is a 190 clock-hour program that prepares the student for a career in the clinical laboratory sciences. The program is designed to train the student in intravenous blood withdrawals and specimen collection for the purpose of laboratory analysis. Course work includes proper specimen collection, handling and processing, communication skills, safety and infection control, and other clinical skills integral to their upcoming role as members of the health care team. The student has the opportunity to apply the knowledge and skills gained in the theory and laboratory classes through completion of 100 venipunctures and clinical externship. After successful completion of the program, the student is eligible to sit for the certification exams through the National Healthcareer Association.

Program Information

REHABILITATION AIDE PROGRAM

24 Clock Hours

The Rehabilitation Aide Training is a continuing education program for licensed, certified, or registered healthcare providers, which is designed to provide them with knowledge and practical skills in rehabilitation services in order to perform tasks and activities designed and supervised by professional therapy personnel specifically designed to improve residents' functional abilities and/or prevent further deterioration.

Upon completion of the program, the student will be able to:

- ⇒ Determine his/her role as a Rehabilitation Aide in terms of the principles, policies & procedures of the rehabilitation and restorative programs;
- ⇒ Work under the supervision and direction of a Licensed Registered Physical Therapist (PTR/L) and/or Restorative Nurse in caring for patients with major neuromuscular, musculoskeletal, cardiac, and neurological disorders;
- ⇒ Assist patients in using assistive devices utilized in performing everyday activities;
- ⇒ Observe safety measures in and out of the health care facility; and
- ⇒ Recognize residents' rights in administering rehabilitation procedures and providing restorative care.

The IL Chapter Continuing Education Committee has approved this course according to the Criteria for Approval of Continuing Education offerings established by the Illinois Physical Therapy Association.

Application / Registration Procedures:

1. Submit copy of Nursing Assistant certificate or health care professional license
2. Complete the ICI Continuing Education Enrollment Form
3. Pay the tuition and fees (in full or by payment arrangement)

Program Cost & Fees

Tuition and Fees: \$349.00

Discounted Rate for ICI Alumni: \$299.00

Payment arrangement available

Cost of books & materials: TBA

Program Information

C.N.A. RECERTIFICATION

Certified Nursing Assistants in Illinois who have not provided nursing or nursing-related services for pay within a period of 24 consecutive months may undergo the Recertification process in order to regain certification and be listed on the Health Care Worker Registry.

Nursing Assistant Responsibilities: The first responsibility is to contact the Health Care Worker Registry. A letter outlining the process and procedure will be sent to the nursing assistant by the Registry.

Contact information: Health Care Worker Registry
525 W Jefferson St, 4th Fl Springfield, IL 62761
Phn: 217-785-5133; Fax: 217-524-0137

In order for a nursing assistant to be eligible for recertification, he/she must:

1 PASS A MANUAL SKILLS PERFORMANCE TEST

- ⇒ No findings of administrative abuse, neglect or theft
- ⇒ Fingerprint criminal history records check (Health Care Worker Background Check Act)
- ⇒ Choose date of evaluation from available clinical class schedules
- ⇒ Demonstrate competence in all 21 Performance Skills with an Approved Evaluator

2 PASS A WRITTEN COMPETENCY TEST

- ⇒ Administered by Southern Illinois University at Carbondale (SIU-C)
- ⇒ Register for state exam online; choose preferred test site and date online
- ⇒ ICI State exam reviews available at no cost (reviewers & practice tests provided)
- ⇒ Test results transmitted electronically to the registry
- ⇒ Must complete full BNATP if written competency failed three times

Admission Requirements

- Copy of Health Care Worker Registry Instructions/Communication
- Completed Student Inquiry and Application Forms
- Copy of Photo Identification Card (State ID/Driver's License/Passport)
- Copy of Social Security Card
- Copy of Current Basic Life Support for Health Care Provider (CPR) Card
- *If none, applicant must complete a Basic Life Support for Health Care Provider class
- Completed Physical Examination and Immunization Record
- Completed Health Care Worker Background Check Authorization

Program Cost & Fees

Tuition	\$ 200.00
General Fees	
Registration Fee	75.00
Laboratory Fee	50.00
TOTAL	\$ 325.00

Why go to ICI for your Recertification?

- theory refresher - access to online modules
- review for NA state exam
- job search/hiring assistance

PAYMENT PLAN OPTION

Downpayment (upon registration; nonrefundable)	\$ 75.00
Final Payment	\$ 250.00
